| Credit points 240 | Offered in Trimester 1 | |
| Indicative fee \$9,359.00* per year (more) * 2019 indicative annual CSP fee Calculate your fees | | |

Why choose this program?

This degree, designed for high-achieving secondary school leavers, provides the opportunity for you to progress directly into our [Doctor of Medicine \(5099\)](#)*

In your first year, you will be introduced to the basic sciences underpinning biomedical science - anatomy, chemistry, biochemistry, health, genes and disease, law and ethics, microbiology, physiology, molecular genetics and psychology.

In second year, you will study these areas in greater depth and take medically focused courses in immunology, infectious disease, pharmacology, metabolism, biochemistry, and epidemiology.

Honours

Honours is available for this degree (through an additional year of study).

* *The Doctor of Medicine is an extended Masters program (AQF Level 9).*

My attendance during the program

Attendance information

This program is an intensive two-year degree that will be offered full-time at Nathan in on-campus mode. Intensive teaching periods and web-based courses will be available. The program is only offered in an accelerated mode and includes Trimester 3. There will be no break between trimesters for the duration of the program.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

My career opportunities

My career opportunities

If you progress to the Doctor of Medicine, you will be preparing for a career in specialist clinical practice, primary care medicine, biomedical research and healthcare services.

Pathways to further study

Pathways to further study

Provisional entry into the Griffith Doctor of Medicine program

Completion of the Bachelor of Medical Science program with a GPA (calculated according to Graduate Medical Admissions Centre procedures) of at least 5.0 and a minimum grade of Pass in the designated course Human Skills for Medicine will see graduates gain seamless entry into the **Doctor of Medicine (5099)**.

The Bachelor of Medical Science is a fast-tracked two-year program.

The type of place in the Doctor of Medicine program offered to Bachelor of Medical Science graduates who meet the requirements will be allocated according to the GPA achieved in the Bachelor of Medical Science taking into account individual preferences.

In the interests of equity and fairness to all applicants, applicants who do not achieve the GPA and/or Pass or better in the designated course Human Skills for Medicine, regardless of circumstances such as illness, misadventure or disadvantage during the Bachelor of Medical Science program will not meet the stated criteria for admission and, therefore, will not be considered for entry to the Doctor of Medicine program.

What are the fees?

Commonwealth supported students

- The fee is indicative of an annual full-time load (80 credit points) in a program categorized to one of the Australian Government's three broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets **student contribution amounts** on an annual basis.
- [Find out more...](#)

Fee-paying undergraduate (domestic) students

These fees are only applicable to domestic students who are not Commonwealth supported including:

- Full-fee paying domestic students who commenced their program prior to 2009.
- International students who have been approved to pay domestic tuition fees after obtaining Australian or New Zealand citizenship or permanent residency or a permanent humanitarian visa and who have not obtained a Commonwealth supported place.

Tuition fees

- A fee-paying undergraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee is charged according to the approved program fee for the trimester in which the student is enrolled.
