Why choose this program?

In this specialised degree, you will learn about the causes of crime and society's response through the justice system to address them.

In your first year, you will learn about trends in crime in Australia and overseas. You will study courses about police, courts and criminal law, forensic psychology and homicide. You will hear from academic and professional experts about how crime can be prevented and reduced.

In your second and third years, you will have the flexibility to specialise with elective courses in areas such as policing, working with offenders and victims, and analysing and preventing crimes. You will also have opportunities to study abroad and receive credit for your degree.

In your final year, you will have the option to complete a professional placement and gain practical justice-related experience.

This program is also offered via Open Universities Australia and further information is available on the [Griffith \(OUA\) Services](#) website.

My attendance during the program

Attendance information

In this program you can choose the number of courses you enrol in per trimester and the order in which you will enrol in these courses in most cases. Almost all the courses in this program are delivered in a variety of ways and you can choose how you wish to undertake a course with only a very small number of courses limited to on-campus delivery. If you enrol in an on-campus offering of a course you will be required to attend 2-3 hours of classes per course per week throughout the trimester at the Gold Coast campus.

If you enrol in an external offering of a course you will be provided course materials via a variety of means, including printed materials and via *Learning@Griffith*. You may be required to use the internet or other electronic media during your enrolment in this course and access to a reliable computer with internet connection is advantageous. (Alternative arrangements can be made for students who cannot access the internet.) There will be no requirement for on-campus attendance.

This program is also offered full-time and part-time through [Open Universities Australia \(OUA\)](#). As an OUA student, you are not required to study on-campus. You may complete this program entirely off-campus through [Open Universities Australia \(OUA\)](#). To be classed as a full-time student, you must enrol in at least two units per study period.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.
