VET Guarantee

If you receive a VET and meet subject prerequisites, you are guaranteed a place in this program.

Why choose this program?

In this degree, you will learn about construction and building practices, developing a rigorous understanding of construction law and ethics, business management, construction economics, and property development in a global context.

On commencing your degree, you will be introduced to the principles of built environment, learning the fundamentals of construction sustainability, project development, construction materials and site operations. From your third year, you will undertake in-depth study of core construction business areas including estimating, tendering, planning and procurement, with a strong focus on ICT applications in the built environment. In your final year, you will grow your professional skills through an industry placement.

My attendance during the program

Attendance information

This program is offered full-time and part-time on-campus at the Gold Coast.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

My career opportunities

My career opportunities

As a graduate, you will be prepared for a rewarding career as a construction professional. Your industry knowledge combined with strong skills in problem-solving, decision-making, communication and technology will prepare you for leadership roles across the full spectrum of construction projects. Career opportunities for construction managers are expected to grow over the next few years. You will find employment opportunities in roles such as:

- Building consultant
- Construction economist

- Construction estimator
- Construction manager
- Construction project manager
- Contract administrator
- Facility manager
- Property developer
- Site manager and site supervisor

Program accreditation

Program accreditation

The Bachelor of Construction Management (Honours) is provisionally accredited by the [Australian Institute of Building \(AIB\)](#). The requirements of the [Chartered Institute of Building \(CIOB\)](#) in the UK and the [Australian Institute of Quantity Surveyors \(AIQS\)](#) have been considered in the development of this degree. Accreditation is currently being sought from the CIOB and AIQS.

What are the fees?

Commonwealth supported students

- The fee is indicative of an annual full-time load (80 credit points) in a program categorized to one of the Australian Government's three broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets [student contribution amounts](#) on an annual basis.
