### Why choose this program?

As technology continues to evolve the need for organisations to protect and secure digital information is becoming more critical.

In this degree, you'll learn how to identify organisational cyber security risks and combat threats to information security by implementing cyber security systems, processes and solutions.

### My attendance during the program

#### Attendance information

This program is offered part-time on-campus at the Nathan and Gold Coast campuses.

### What are the fees?

#### Fee-paying postgraduate (domestic) students

**Indicative annual tuition fee**

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

**Tuition fees**

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

**Program fees for the Graduate Certificate in Cyber Security (3350)**

Year of study	Fee category/Band	Fee per CP	Tuition fee 40cp
2020	Fee Band 23.0	\$287.50	\$11,500.00
2019	Fee Band 22.0	\$275.00	\$11,000.00

**Tuition fees for your degree program**

- [Calculating tuition fees](#)

**Changing programs**

If a postgraduate student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.
