### Why choose this program?

This program aims to build the capacity of future leaders in water management. Students will develop the strategic, managerial and technical skills they need to advance in the water sector.

The program equips students with practical tools and skills for developing and managing the adoption of innovative solutions to local, regional, national and international water management issues. There is a focus on building skills in critical thinking, problem solving, statistics and data management, knowledge transfer and effective leadership.

Students will acquire specialist skills and knowledge associated with their chosen elective courses.

The program is managed and led by the [International WaterCentre \(IWC\)](#). The IWC is a key player in the global water sector and dedicated to providing education and training to promote whole-of-water cycle approaches to integrated water management around the world.

### My attendance during the program

#### Attendance information

This Graduate Diploma program will be offered in full-time (on-campus) and part-time (blended) mode.

### What are the fees?

#### International students

An International student is one who is not:

- an Australian or New Zealand citizen or

- a person who has Australian permanent resident status.

#### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points (two full-time trimesters).

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

#### Tuition fees

- An International student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.
