Credit points 160		
Indicative fee \$23,000.00* per year (more) * 2020 indicative annual fee		

Why choose this program?

In this degree, you will gain a comprehensive education in the principles and practice of information technology. Through your chosen major, you will develop an in-depth understanding of the underlying technology, administration and application of specific applications of information technology and systems.

You will learn about information technology planning and management, and about Internet-based services used in commerce, education, health, science, public administration, and many other disciplines. You will also learn how to apply information technology to model, support, and manage modern, flexible organisations.

As a graduate, you will have advanced skills in communication, problem solving, systems analysis, and project management as well as sound knowledge of community expectations for information technology practitioners.

Majors

- Enterprise Architecture (Nathan)
- IT Services (Gold Coast)
- Information Systems and Business Analysis (Gold Coast, Nathan)
- Networking and Security* (Gold Coast)
- Software Development (Gold Coast, Nathan)

* Students commencing in Trimester 3 and who wish to undertake the Networking and Security major should consult the Program Director.

My attendance during the program

Attendance information

The Master of Information Technology is offered full time over four trimesters or part-time over eight trimesters, in an on-campus mode. A small number of courses will be offered in online mode. At Nathan campus, some courses will be offered in late afternoon and evening time slots for the benefit of part-time students.

My career opportunities

My career opportunities

Enterprise Architecture: You will be able to work as a business architect, information architect, enterprise infrastructure and security architect or enterprise solutions architect.

IT Services: You will be prepared for work as a technical support officer, ICT consultant and support engineer and system analyst in industries and government agencies.

Information Systems and Business Analysis: You will be prepared for a career working as a project manager, program manager, business analyst, change manager, data analyst, quality manager, or program director. You will find opportunities in large multinational organisations such as in the mining industry as well as in government.

Networking and Security: You will be qualified to work as a development operations specialist, network security engineer, security network consultant, security manager or security applications specialist.

Software Development: You will be prepared to work as a developer, test engineer, web developer or researcher in government research centres.

Program accreditation

Program accreditation

The Master of Information Technology is provisionally accredited by the [Australian Computer Society](#).

Pathways to further study

Pathways to further study

Students who complete the dissertation component will have a pathway to Higher Degree Research (HDR) study.

What are the fees?

Fee-paying postgraduate (domestic) students

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These

fees are reviewed annually and are subject to change.

Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

Program fees for the Master of Information Technology (5612)

Year of study	Fee category/Band	Fee per CP	Tuition fee 80cp
2020	Fee Band 23.0	\$287.50	\$23,000.00
2019	Fee Band 22.0	\$275.00	\$22,000.00

Tuition fees for your degree program
