My attendance during the program

Attendance information

The program is offered in full-time, on-campus mode at the Gold Coast campus (with some courses available in distance mode).

On-campus elective courses may be offered at a campus other than a student's home campus. Students may be required to travel between campuses to complete some elective or core courses.

If you are an International student on a student visa, you must ensure that you enrol in a way that will allow you to complete your enrolment within the expected program duration as stated on your Confirmation of Enrolment (CoE).

Managing study interruptions

Leave of absence: Students will require approval from the Program Director or nominee to take a leave of absence.

Work-integrated learning

Work-integrated learning activities (professional placements) integrate theoretical learning with its application in the workplace. The inclusion of work-integrated learning activities in the degree program demonstrates Griffith's commitment to preparing its graduates for success in their working life.

There will be two field placement courses. These field placements are of 500 hour minimum duration each equating to a total of 1000 hours in an agency that meets the requirements of Griffith University. Students will be supervised by a qualified social worker for the duration of the field placement. In some situations, it may be possible to negotiate a work-place based field placement.
