

Master of Electronic and Computer Engineering (Domestic students)

Program code	Admission requirements	Offered in
5649	Bachelor degree in Electronic Engineering or higher	Trimester 1 and Trimester 2
Available at Nathan Campus	(more)	Next start date Trimester 1, 2020 (more)
Duration 1 to 1.5 years full-time 3 years part-time		Applications close Friday, 31 January 2020 Apply Now
Credit points 120		
Indicative fee \$23,500.00* per year (more) * 2019 indicative annual fee		

Why choose this program?

You will develop advanced knowledge in electronics allowing you to work in the many different disciplines of electronics, focusing on the area of electronic computing and the prolific use of microprocessors and computing hardware in modern devices. The degree program also incorporates study of engineering leadership skills, the opportunity to undertake elective courses in your area of interest and a full trimester research project.

My attendance during the program

Attendance information

The Master of Electronic and Computer Engineering is offered in on-campus mode.

My career opportunities

My career opportunities

You will find opportunities in large companies involved in electronic based infrastructure and smaller companies undertaking design and/or manufacture.

Pathways to further study

Pathways to further study

Students who graduate from this program and pass the Dissertation component will have a pathway to higher degree by research study.

What are the fees?

Fee-paying postgraduate (domestic) students

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved

Program fees for the Master of Electronic and Computer Engineering (5649)

Year of study	Fee category/Band	Fee per CP	Tuition fee 80cp
2020	Fee Band 24.0	\$300.00	\$24,000.00
2019	Fee Band 23.5	\$293.75	\$23,500.00

Tuition fees for your degree program
