Why choose this program?

The Master of Training and Development (Singapore) is a professional development award in the training and development sector. It deepens candidates' knowledge and skills in the fields of adult, vocational and community education, training and professional development, draws on their existing vocational knowledge and builds their capacities for professional work in training, teaching, development and research related roles. It achieves this by providing a theoretical foundation that allows them to broaden and deepen their knowledge and skills in these fields.

My attendance during the program

Attendance information

Students are expected to complete their courses in part-time mode on a trimester basis (two courses per trimester) over two years.

Generally, the courses in the Master of Training and Development (Singapore) are delivered through blended delivery in off-campus mode with a combination of in-country, intensive two day learning per course in alternate trimesters followed by online learning. Students will be provided with web-based resources.

Managing study interruptions

As per the agreement with the Institute for Adult Learning (IAL) Singapore to complete the program in two years, students will not be able to take a leave of absence.

My career opportunities

My career opportunities

The Master of Training and Development (Singapore) enables participants to develop a career in the broad field of training and development including professional education or training and development roles in private and public sector organisations. This program also equips students to pursue careers in mainstream adult and vocational education fields.

What are the fees?

International students

An International student is one who is not:

- an Australian or New Zealand citizen or
- a person who has Australian permanent resident status.

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points (two full-time trimesters).

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

Tuition fees

- An International student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

Program fees for the Master of Training and Development (5680)

Year of study	Fee category/Band	Fee per CP	Tuition fee 80cp
2020	Fee Band 29.0	\$362.50	\$29,000.00

Changing programs

If an International student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.

Permanent resident status

If an **undergraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will be provided with a domestic fee-paying place.

The student may then apply for a Commonwealth supported place at the next admission period provided that the student satisfies the conditions for transfer from a domestic fee-paying place to a Commonwealth supported place as set out in the [Undergraduate Programs Admission Policy](#).

If a **postgraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth supported place subject to availability.

If a **research student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth Government Research Training Program (RTP) Fee Offset or a domestic fee-paying place as applicable for the program.
