Tuesday, 1 October 2019 ([more](#))

[Apply Now](#)

Duration

1 to 2 years full-time

2 to 4 years part-time

Credit points

160

Indicative fee

Exempt under RTP ([more](#))

Why choose this program?

This research degree will provide opportunities for students to carry out advanced research in response to a research question of their choice. Students devise and implement a Design research project to answer a specific question, placing the answer in the context of an intellectual tradition and communicating it clearly to others.

As a graduate, they will have developed high level critical, analytical and research methodological skills in addition to a strong theoretical understanding of practice relevant to their area of investigation.

My attendance during the program

Attendance information

The Master of Design Research is a time-based Higher Degree Research (HDR) program requiring a minimum of one year and a maximum of two years of full-time study or part-time equivalent.

My career opportunities

My career opportunities

You will be prepared for a research-related career and eligible for entry into a doctoral program and for consideration for higher degree by research scholarships.

What are the fees?

Additional fee information

Domestic research candidates

Domestic candidates who are admitted to this Higher Degree Research (HDR) program are exempt from tuition fees. Candidates will be provided a Commonwealth Government Research Training Program (RTP) Fee Offset supplemented by tuition fee support from Griffith University.
