### Why choose this program?

As technology continues to evolve the need for organisations to protect and secure digital information is becoming more critical. As a graduate of the Master of Cyber Security, you will possess the skills to generate and implement innovative cyber security solutions for business, government and individuals.

In this degree, you'll develop the expertise to investigate and identify current and future cyber security threats, conduct risk and vulnerability assessments of networked devices and infrastructure, and generate and implement innovative cyber security solutions.

### My attendance during the program

#### Attendance information

This Masters program will be offered full-time and part-time on-campus at the Nathan and Gold Coast campuses.

## What are the fees?

### Fee-paying postgraduate (domestic) students

#### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

#### Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

#### Program fees for the Master of Cyber Security (5726)

Year of study	Fee category/Band	Fee per CP	Tuition fee 80cp
2020	Fee Band 23.0	\$287.50	\$23,000.00
2019	Fee Band 22.0	\$275.00	\$22,000.00
